Course Overview

The Workplace Safety and Health (Shipbuilding and Ship-Repairing) Regulations 2008 (Reg. 6(8)) stipulates that: "It shall be the duty of every person not to oversee or supervise any work (including any process) in a shipyard or on board a ship in a harbour unless he has received adequate safety and health training to ensure that the work that he oversees or supervises can be carried out safely

Who should attend this course?

The course is a mandatory training course for individuals who are appointed to supervise the Workplace Safety and Health at shipyards or the marine industry. The purpose of this Competency Unit is to enable the WSH Coordinator or Supervisor to acquire the knowledge and be equipped with the application skills to supervise WSH in the marine industry. This Competency Unit is designed to focus on building the competency of the WSH Coordinator or Supervisor in identifying the common hazards and risks in the workplace and taking appropriate control measures in supervising WSH in the marine industry. The Competency Unit or Course that can exempt anyone from this unit is the Shipyard Supervisor Safety Course – SSSC

Course Objectives

- PS1 – Explain and interpret salient WSH legislations and other requirements relevant to the marine industry
- PS2 – Describe the WSH duties and responsibilities of a supervisor in marine industry
- PS3 – Conduct a briefing on shipyard general safety and explain the Vessel Safety Coordination Committee (VSCC) and Permit-to-Work (PTW) procedure to shipyard workers and contractors
- PS4 – Identify WSH hazards, evaluate and control risks in marine industry in accordance with risk management process
- PS5 – Carry out WSH inspections in accordance with organisational inspection procedure
- PS6 – Conduct incident investigation and prepare report in accordance with legal and other organisational requirements
